Use-Case Flow Specification

Use Case: Approve Budget Request

Use Case ID: UC-03

Use Case Name: Approve Budget Request

Primary Actors: Faculty Coordinator, Finance Office, Dean

Supporting Actor: Club Lead

1. Preconditions

- The Club Lead has submitted an event proposal.
- A budget request has been submitted for the proposed event.
- The budget request is ready to go through the university approval process.

2. Main Success Scenario

1. The Club Lead submits the budget request through the portal.
2. The system records the request and sends it to the Faculty Coordinator for review.
3. The Faculty Coordinator checks the event details and requested budget.
4. If everything is in order, the Faculty Coordinator digitally approves the request.
5. The system updates the request status and sends it to the Finance Office.

6. The Finance Office reviews the budget request and checks the financial details.
7. The Finance Office digitally approves the request.
8. The system updates the status and forwards the request to the Dean.
9. The Dean reviews the request and gives the final approval.
10. The system changes the budget request status to **Approved**.
11. The Club Lead is informed that the budget request has been approved.

3. Alternate Flow – Budget Request Rejected

At Step 3 or Step 6:

1. The Faculty Coordinator or Finance Office finds an issue with the request.
2. The approver rejects the budget request and provides a reason for the rejection.
3. The system records the rejection and changes the request status to **Rejected**.
4. The request is not forwarded to the next approval stage.
5. The system informs the Club Lead about the rejection and the reason provided.
6. The approval process ends.

4. Postconditions

If approved:

- The budget request is marked as **Approved**.

- The approval decisions are recorded in the system.
- The Club Lead receives the final approval status.

If rejected:

- The budget request is marked as **Rejected**.
- The rejection reason is recorded.
- The request does not proceed to the next approval stage.
